Fretboard Logic®

Learning guitar doesn't have to be so damned frustrating.

"Oh. My. God. I feel like the blind man that Jesus healed. Thank you, thank you so much."

Dixon Nahrwald
Taylorsville UT

"The testimonials are hardly surprising. You may have inadvertently rendered all other guitar instruction obsolete (or, at least less relevant). I am sure I do not have to tell anyone that musicians can be competitive (talent, technique, knowledge, acquisitions, acquaintances, Etc.). So I am grateful for your insight, but am also fascinated by your unabashed willingness to share this profound six-stringed wisdom which easily could have set you apart from the rest of the guitar-slinging world. Without becoming too long-winded or "religionified," I will thank you not only for your genius and hard work, but your very humble sharing of same as well. I am sure you are not ready to go out, but you have certainly hit the high note." Alan Methuen MA

Sometimes it can practically be a religious experience.

"My guitar experience over the last 15 years - I've invested a fortune in personal lessons, several university classes, songbooks, instruction books and countless hours. I've enjoyed this effort in learning the guitar but hadn't been able to fully understand or apply the art of improvisation without stealing from other pieces or just 'winging it by ear'. In short, I've assimilated more practical information in the last 2 years using the Fretboard Logic than I had previously learned in all the 15 years combined. These books are **INVALUABLE!!** THANK GOD FOR BILL EDWARDS!!"
John Richardson via the internet

"I am a big fan of your Fretboard Logic books, and currently own all the books and DVD. You are a creative genius...your books are the guitar bible to me."
Michael Ritacco via the internet

"Fretboard Logic is a **GODSEND**. I could safely say **IT'S THE BIBLE FOR THE GUITAR!**"
Jose Perez Escondido CA

"Guitarists of this century owe you only one thing: eternal gratitude!!! Sharing Fretboard Logic to the world is synonymous with **COMPASSION AND GENEROSITY COMBINED**. If only there is an award to a **TEACHER/ GUITARIST** equal to the Medal of Valor of a soldier... Imagine pointing to this mere guitarist (39 yrs of playing the guitar) the true pathway to "GUITARHOOD," sparing me the pain and suffering of not really knowing the fretboard after all those years, that's true compassion. But what is generosity personified was your giving the FL knowledge to other guitarists. **CHRISTLIKE**, isn't it? If **TOPGUN** training is for pilots, **SCARS** is for Socom, **NETI YOGA** for seekers of Enlightenment, then, for all serious guitarists there is **FRETBOARD LOGIC METHOD**. I can't ask for more. On second thought, would you give us more??? Coming from the Philippines, **MARAMING SALAMAT!!!!**"
